

The Victoria Foundation Summer Party on 28th June at Royal Mid-Surrey Golf Club TVF celebrating 10 years!

The Victoria Foundation was delighted to welcome guests to its annual summer party on 28th June at the stunning Royal Mid-Surrey Golf Club.

This is a very special year for The Victoria Foundation as it celebrates its 10th anniversary. Thanks to the vision and commitment of the trustees and supporters the charity has been transforming lives since 2007.

The Victoria Foundation very much appreciates the truly generous support it receives from individuals and businesses. The evening was an opportunity for charity to thank its supporters, to share how it has helped transform lives, and to highlight its future plans.

Graham Ball, the Founder and CEO of The Victoria Foundation, thanked guests for their generous support and outlined the charity's future plans to focus on three areas going forward: Mobility Aids for Children, Accessible Transport Vehicles, and Toolkit Grants & Bursaries to support students studying medicine who are from disadvantaged backgrounds. He also highlighted that 100% of any donation the charity receives helps to transform lives due to TVF's costs being covered by the New Victoria Hospital.

A number of beneficiaries of grants from The Victoria Foundation highlighted how this vital support has helped to transform many lives including; FiSH, Greenmead Primary School, Kings College London and Sebastian's Action Trust

Over 150 guests enjoyed the evening where they also had the opportunity to view a number of the VIEWS Exhibition paintings.
