

We are celebrating the 5th Anniversary of this annual charity festival organised by the Crawdaddy Club Richmond in partnership with local medical charity The Victoria Foundation which will forward the proceeds to Macmillan Cancer Support to help fund nurses to support people suffering from cancer.

The Phoenix Festival is proud to have raised over £10,000 with the help and support of the music community and TVF.

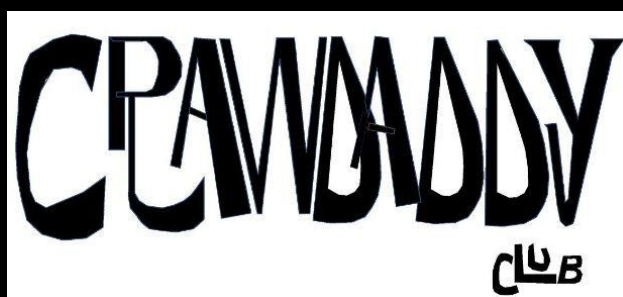

Once again, we have a fabulous line-up of music acts and we are particularly pleased to give an opportunity to some very talented young people from Powerjam to showcase their talent by opening the day for us.

This is a day for all the family to enjoy some great music, an excellent BBQ on the terrace, take part in the raffle & auction to win a money can't buy prize.
